This newspaper goes into two-thirds of the homes in Alexandria daily. If you have a message to send to the families who reside in those homes, Mr. Business Man, let The Gazette carry it to them for you.

Alexandria Gazette

For this section—Fair tonight and tomorrow; little temperature change.

VOL. CXXXIV—No. 132. ALEXANDRIA, VIRGINIA, MONDAY, JUNE 3, 1918. PRICE ONE CENT

APPEAL TO VIRGINIANS

Every One Urged to Purchase War Savings and Thrift Stamps—President Issues an Appeal to the Nation.

Virginians are expected to respond to the great June thrift drive in such a way that on June 28 there will be none unenlisted in the vast volunteer army of production and saving. To this end President Wilson has issued an appeal to the nation to invest at once in Thrift Stamps and War Savings Stamps.

The President's appeal follows:

"This war is one of nations—not of armies—and all of our one hundred million people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict. The problem before us is not primarily a financial problem but rather a problem of increased production of war essentials and the saving of the materials and the labor necessary for the support and equipment of our Army and Navy. Thoughtless expenditure of money for non-essentials uses up the labor of men, the products of the farm, mines and factories, and overburdens transportation, all of which must be used to the utmost and at their best for war purposes.

"The great results which we seek can be obtained only by the participation of every member of the nation, young and old, in a national concerted thrift movement. I therefore urge that our people everywhere pledge themselves, as suggested by the Secretary of the Treasury, to the practice of thrift; to serve the Government to their utmost in increasing production in all fields necessary to the winning of the war; to conserve food and fuel and useful materials of every kind; to devote their labor only to the most necessary tasks; and to buy only those things which are essential to individual health and efficiency, and that the people, as evidence of their loyalty, invest all that they can save in Liberty Bonds and War Savings Stamps. The securities issued by the Treasury Department are so many of them within the reach of every one that the door of opportunity in this matter is wide open to all of us. To practice thrift in peace times is a virtue and brings a great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity.

"I appeal to all who now own either Liberty Bonds or War Savings Stamps to continue to practice economy and thrift and to appeal to all who do not own Government securities to do likewise and purchase them to the extent of their means. The man who buys government securities transfers the purchasing power of his money to the United States government until after this war, and to that same degree does not buy in competition with the government.

"I earnestly appeal to every man, woman and child to pledge themselves on or before the 28th of June to save constantly and to buy as regularly as possible the securities of the government, and to do this as far as possible through membership in War Savings Societies. The 28th of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenlisted on that day.

"(Signed) Woodrow Wilson."

Mr. Gardner L. Boothe, the director for the city of Alexandria of War Savings Stamps, stated in connection with the above appeal of President Wilson that he had just learned that every one of the representatives of the Metropolitan Life Insurance Company in the South will devote one-third of their working time during the month of June to the service of the Government in the sale of War Savings and Thrift Stamps, and as this company has a splendid lot of representatives in the city of Alexandria he hopes that through their efforts a large number of sales may be made here.

Mr. Boothe further stated that it was to be hoped that many other business institutions would promptly follow the patriotic example of the Metropolitan Life Insurance Company to aid this city in reaching its quota of $400,000 between June 1 and December 31st.

Premium offered for Ford car with motor No. 1742990. I will pay a high premium for the above car on account of sentimental reasons. L. B. Hornaday, Chester, S. C. 127-6t

COLORED MAN IS SHOT

Dies From Effect of Wound at Alexandria Hospital Yesterday Afternoon—Assailant Gives Himself to Police.

Gum Springs, located about four miles south of Alexandria, was the scene of a shooting yesterday afternoon. J. T. Blackman, a colored man about twenty-three years old, was the victim, and Arthur Bolling, another colored man, said to be thirty years of age, was the man who did the shooting, which he claims was in self-defense.

The bullet pierced Blackman's forehead. He was brought to the hospital in this city as quickly as possible, but died within a few moments after his arrival there.

Bolling came to Alexandria and gave himself up to the police. His friends, who accompanied him, said that his life had been threatened several times recently by Blackman, and that yesterday he tried to put his threat into execution, but the bullet failed to hit Bolling, who drew his revolver and fired in return, with the result as above stated.

Bolling's friends have retained Robinson Moncure to defend him.

The body of Blackman was removed to Demaine's chapel where an inquest will be held.

Death of Samuel L. Monroe.

A wide circle of friends and acquaintances will regret to learn of the death of Mr. Samuel L. Monroe, which occurred yesterday morning at 7 o'clock at his home in the Wagar apartments on North Fairfax street, this city. His health had been declining for the past year and for some time past it was known that he could not recover.

The deceased is survived by his wife, Mrs. Fannie Monroe, and one sister, Mrs. R. L. Garrett, who resides at 508 North Washington street, where the funeral will be held tomorrow morning at 10:30. Rev. W. J. Morton and Rev. Dr. E. V. Regester will officiate. Interment will be in Bethel cemetery. The pallbearers will be Messers. F. F. Marbury Thomas Bayne, G. W. Ramsay, Howard W. Smith, John W. Waller and John W. Herndon.

Mr. Monroe was a son of the late John H. Monroe. He was born in this city about sixty-three years ago. In early life he was an attache of the American Coal Company when that organization shipped coal from what is now the acid plant of the Alexandria Fertilizer and Chemical Company. He was also an employe in the office of the Alexandria Canal Company. Shortly after the formation of the Alexandria Light Infantry he was made first lieutenant of that command. During the first administration of Grover Cleveland he filled positions in the internal revenue service, and often performed hazardous duties in the capture of Virginia moonshiners. He was subsequently elected clerk of the city gas works by the City Council to fill a vacancy, but later resigned and accepted a position in the bonding department of the Virginia Safe Deposit and Trust Corporation. After the closing of that institution Mr. Monroe with F. F. Marbury, entered into the real estate business in this city. He was a member of the city school board from the second ward at one time and also belonged to the order of Elks and Oriental Lodge, Knights of Pythias.

It may truly be said of the deceased that he was faithful to every trust throughout life. When war was declared by the United States against Germany he was prompt to join one of the companies of the Alexandria Home Guard, and was made captain of Company A.

JUDGE WADDILL INJURED

Small Bone in Foot Fractured When He is Struck by an Automobile.

Judge Edmund Waddill, Jr., of the United States District Court, is confined to his home, in Richmond, as the result of a fracture of one of the small bones of his foot sustained when he was struck by an automobile in Washington. Judge Waddill was crossing the street when he was knocked down by a car. The injury proved slight, and after being treated at a Washington hospital, he was able to return home Saturday night. It was stated at the Waddill residence last night that the fracture is very slight, and that the judge will be able to be at his office within a few days neur.

Alexandria City and Suburbs

The Eastern Star auxiliary to the Red Cross has changed its sewing evening from Monday to Wednesday for the present.

The second of the series of dances at the Old Dominion Boat Club house Saturday night, under the auspices of the ladies' auxiliary to that club, was well attended and a most enjoyable affair.

Mr. Charles Jewell, who was injured some time ago while at work on the Southern Railway, and is in a hospital in Charlottesville, is slowly improving.

Among the Alexandrians who have notified their families of their safe arrival overseas are Raymond Sutton, Hugh Wilburn, Levi S. Allen and Corporal Edward C. Elliott.

In the circuit court for this city in vaction today the will of Mary E. Spriggs was admitted to probate. The testatrix names her daughter, Bessie K. Spriggs, as executrix.

It was announced yesterday by the pastor, the Rev. Dr. Eugene B. Jackson, at the morning service, that in the Million Dollar Campaign for Richmond College, the First Baptist church had gone largely over its apportionment, and would give to that fund four thousand dollars. The campaign is just begun in the Potomac Association which is asked for thirty five thousand dollars.

The seventy-ninth annual commencement exercises of the Episcopal High School of Virginia will be held in Liggett Hall tomorrow morning at 10 o'clock. The baccalaureate sermon was preached last night in the seminary chapel by the Rev. W. Page Dame, of Baltimore. Tonight in Liggett Hall the annual debate between the Fairfax and Blackford societies will be held.

The strong Navy Department baseball team of Washington defeated the Cardinal Athletic Club representatives Sunday by the score of 4 to 0. The visitors did not make an earned run, but made them by sacrificing. The Cardinals did not have a strong line-up, as only five of their regulars were on hand to battle the victors. The failure of members of the Cardinals to arrive on the ball field in time to play in a scheduled game and the announcing of the line-up in the newspapers, is through no fault of the president or the manager of the team, because such announcements are made in good faith, and if some are tardy in this respect when strong teams come to this city to play, it does not show the right spirit of baseball players who fail to respond and do their best to win games in a clean and sportsmanlike manner.

Among the sales of real estate announced Saturday afternoon is the four-story brick building on the east side of South Royal street, between King and Prince streets, formerly known as the Hotel Fleischmann, to Hugo Herfurth, Jr, and Herbert A. Stewart. The sale was made for Alva Aerie, No. 871, Fraternal Order of Eagles of this city, by John O. Normoyle. Possession is to be given on August 1. The lodge of Eagles have their lodge rooms on the fourth floor. It is said the building will be remodelled into an apartment house. Mr. Normoyle has also sold to the same buyers, for Mrs. Bella Levy, of Pittsburgh, the old Simpson home, a three-story brick dwelling, at 214 North Royal street. That will also be changed into an apartment house. C. H. Zimmerman has bought of George W. Rogers a house and lot on the west side of Lee street, between Franklin and Jefferson streets.

Marguerite Clark at Richmond

When it was announced that Marguerite Clark was to appear in "Prunella," a screen version of the play in which she made her greatest stage hit, the management of the Richmond Theater immediately arranged to secure the picture at the earliest possible date, which will be shown tonight. The picture is even more beautiful than the stage version. A treat is in store for every one, for besides the drawing power of the popular star herself, there has been added the clever direction of one of the screen's most famous directors, Maurice Tourneur.

The grand jury, which was in session most of last week, reassembled this morning, but subsequently adjourned until Friday.

Corporal Thomas O. Theimer, of the 318th Infantry, has notified his mother, Mrs. Alice Theimer, of his safe arrival overseas.

Mrs. Charles Jewell has returned from a trip to Camp Upton, Long Island, N. Y., to see her brother-in-law, who is recovering from the effects of a serious operation.

Captain W. W. Dempsey, 14th U. S. Cavalry, who has been stationed at Fort Sam Houston, Tex., is the guest of his uncle and aunt, Mr. and Mrs. Phineas Janney Dempsey, at their home in South Fairfax street.

The Enterprise, located at Hamilton, Loudoun county, contains the following: Dr. W. H. Janney, who has been located in Leesburg, has accepted the position as physician for the Virginia Shipbuilding Company, at Alexandria.

The Hon. C. C. Carlin will speak tonight at the U. D. C. Hall, at Hickory Grove, Prince William county, at the celebration in honor of the birthday of Jefferson Davis, June 3, given by the members of the Eight Virginia Regiment Chapter, U. D. C.

The fast Virginia Greys, of this city, won an exciting game of ball from the officers of Camp Humphreys on the Alfred street diamond yesterday by a score of 3 to 2. Both teams played well. The Grays are all Alexandria boys and there is always an opening for good players under 20 years of age. Any who may wish to join are requested to report at the North Alfred street diamond tomorrow afternoon at 5:30 and ask for Manager Brenner.

The Gazette has been requested to publish the following by ladies of Alexandria who have the best welfare of its young ladies and girls at heart: "In view of certain unpleasant episodes that have recently occurred in the city, and the fact that there are so many strangers here, from all parts of the country, soldiers, men engaged in shipbuilding and otherwise, good form and a regard for the good opinion of the residents of the community should restrain young ladies from appearing on the streets late in the evening unless accompanied by members of their families or proper escorts."

Saturday morning Miss Katherine Stuart, who has for some time been active in the work of the Audubon Society, three teachers, Miss Lelia Beattie, Miss M. Ethel McCorkle and Miss Mary Douglass, and about sixty-five of the boys from Washington school, left this city on a special train for Mount Vernon, where they were admitted to the grounds free, and spent the day at that place, eating a picnic lunch just outside the grounds, as picnic parties cannot be allowed within. The time was spent in a most enjoyable and profitable manner. After visiting the mansion and viewing the things of intense interest to boys who are now studying the history of the country, the party spent the remainder of their outing in quest for birds, and discovered thirty-six species. Miss Stuart posted them as to the nature of their feathered friends and their habits and the day was one of inestimable value to the boys and the knowledge imparted to them in this attractive way of the birds that inhabit this section will long remain with them.

Call for Y. M. C. A. War Workers.

Dears Friends:

The Y. M. C. A. must have many workers in the next few months. Virginia is called upon for over two hundered. I trust Alexandria will do her part as she always does. The work may be in camps here or in Europe. It is a grand work. It is an urgent call to the service from God and man. The age must be between thirty-one and fifty. Let any one willing to consider this splendid opportunity for service see me for particulars and allowances. We need clergymen, educators, auto mechanics, practical builders, etc.

Alexandrians do something in this great cause.

Faithfully yours,
J. K. M. Norton,
Chairman,
Alexandria City.

The many friends of Mr. F. L. Plitt will regret to learn of his serious illness, at his home on Seminary Hill.

Miss Gertrude Jaffa, of New York city, is a guest at the home of her uncle, Mr. M. M. Jaffa, on Prince street, where she will remain for several weeks.

Mrs. Stella Anderson has received word that her husband, Turner J. Anderson, of Company B, 318th Infantry, has arrived safely on French soil He left New York about a week ago.

The final meeting of the Red Cross executive committee will take place tonight at 8 o'clock in the rooms of the Chamber of Commerce. The general meeting of all Red Cross workers will occur immediately afterward at the Westminster building.

The Washington Herald states that there will be a "community sing" by the Common Council of this city tomorrow night at 8 o'clock. It is anticipated that there will be a large audience present to hear the councilmen. The list of hymns was not announced.

At the alumni banquet, which will follow, the Rev. Dr. Randolph H. McKim, of Washington, D. C., will be the toastmaster. One of the topics will be "The Relation of the Church to the Great War and the Participants From the Seminary Therein." On Friday morning a number of candidates for orders will be ordained. Among those who are expected to attend are the Right Rev. Robert Atkinson Gibson, D. D., of Virginia, president of the seminary; the Right Rev. William Loyall Gravatt, D. D., of West Virginia; the Right Rev. Beverly Dandridge Tucker, D. D., of southern Virginia; the Right Rev. Thomas C. Darst, bishop of east Carolina; the Right Rev. James R. Winchester, D. D., of Arkansas, and the Right Rev. Arthur C. Thomson, D. D., suffragan bishop of southern Virginia.

The ninety-fifth annual commencement exercises of the Episcopal Theological Seminary of Virginia will be held in the seminary chapel Thursday and Friday of this week. On Thursday morning the centennial celebration of the Protestant Episcopal Educational Society in Virginia will take place, with Bishop James R. Winchester, of Arkansas, presiding. J. Holdsworthy Gordon, of Georgetown, D. C., will deliver an historical address, and the annual eessay will be read by the Rev. James W. Morris, D. C., of Richmond, Va.

All arrangements have been made for the Community Sing at Christ church yard tonight. The Marine band reached Alexandria about noon, and three truck loads of the best singers from Camp Humphrey will arrive about 8 o'clock. The choirs of the various churches will also assist and a quartet from Camp Humphreys will give one or two selections, in addition to the elaborate program arranged for the Marine band. The stereopticon will be used so that all the people may see the words of the songs and every one is requested to sing. Such a number of people are coming that it may be impossible to find seats for all. Those who have camp stools would be wise to take them. The church yard promises to be full to overflowing and those who prefer to stay in the parish hall, of course, will be permitted to do so. Should a storm arise the sing will be postponed until tomorrow—Tuesday night. If the band plays tonight it will march, about 7 o'clock, on King street and out Washington street. If the band does not march every one will know that the sing will take place tomorrow night.

Washington Hall for Sale.

The property known as Washington Hall, with large frontage on King street and entrance on Washington street, is for sale. Attractive proposition for apartments or offices. Apply to M. L. Horner, 612 King street. 127-6t

---

Candidate For Council.

I hereby announce myself a candidate for the Common Council from the First ward.

W. J. M'CAFFREY.

Notice to Elks.

A lodge of sorrow will be held at 8 o'clock tonight, June 3d in the lodge rooms of Alexandria Lodge No. 758 B. P. O. E., for our late brother Samuel L. Monroe, by order of

A. A. Paul,
Exalted Ruler.

GERMAN SUBMARINES OPERATE OFF THE COAST

Three American Vessels Attacked and Sunk—Menace to Transportation of Soldiers Across the Atlantic—Will Meet Teutonic Plans.

New York, June 3.—Germany has carried her unrestricted submarine warfare to this side of the ocean, and at least three vessels have been sunk by submarine attack off the Atlantic coast. Some reports say the number of victims already has reached fifteen.

Washington, June 3.—The names of the ships torpedoed as reported to the Navy Department are:

The four-masted schooner Edward H. Cole, sunk at 6:30 p. m. Sunday fifty miles southwest of Barnegat, N. J.

Schooner Jacob S. Haskell.

Isabella D. Willey.

THE ALEXANDRIA LIBRARY

Change Made in Hours of Opening When Books May be Obtained—New Volumes Received.

For the next four months, beginning June 1, the Alexandria Library will be open in the morning instead of the afternoon, and the evening hours will begin a half an hour later. Monday, Wednesday and Friday from 9:30 to 11:30; Tuesday, Thursday and Saturday from 7:30 to 9:30.

Among the new books recently added are the following:

Six Little Rebels, Kate F. Woods; The Courage of Marge O'Doone, James O. Curwood; The Gossip Shop, J. E. Buckrose; The Revellers, Louis Tracy; The Pawn's Count, E. Phillips Oppenheim; Sonia, Stephen McKenna; Greatheart, Ethel M. Dell; The Amazing Interlude, Mary R. Rinehart; The Moving Finger, Natalie S. Lincoln; The Spy In Black, J. Storer Clouston; The Wire Devils, Frank L. Packard; Preston John, John Buchan, and In These Latter Days, Herbert H. Bancroft.

MUST REGISTER WEDNESDAY

All Young Men Coming of Age Since June 5, 1917, to Be Enrolled.

All men who were born between June 6, 1896, and June 6, 1897, who are not now in the United States military or naval service must register on Wednesday, June 5, with the local boards having jurisdiction in the precincts in which they live.

There are no exceptions to the rule. Citizens and alien, the hale and the halt, without regard to occupation or obligation, must obey the law and get their names on the roll at their respective draft boards between 7 o'clock in the morning and 9 o'clock in the evening of the above date.

If any man liable to registration is absent, or expects to be absent from the place of registration, he should at once apply to the local board nearest the spot where he happens to be, have his card filled out and certified and mailed to his local board, inclosing with it a stamped and addressed envelope, in which the board will send to him his registration certificates.

The man of this class who after June 5 is without a registration certificate will be in danger of severe penalties. A man sick on June 5 should notify the local board, so that a registrar may be sent to his house to secure his registration. Those failing to comply with the order for registration are liable to a jail sentence, or will be inducted into the service of the government without further ceremony.

STORM IN RICHMOND

Trees Are Uprooted and Plate Glass Windows Blown In by Gale.

Dashing down trees, smashing windows, ripping screens and awnings and filling the streets with water, the heaviest thunder shower of spring drenched the city for two hours between 8 and 10 o'clock last night. The shower was marked by sharp lightning and heavy thunder.

The temperature during the day reached 94 as a maximum.

Death Notice.

DIED—Entered into rest, Sunday morning, June 2, 1918 at 7 o'clock, SAMUEL L. MONROE, beloved husband of Fannie P. Monroe. Funeral from the residence of his sister, Mrs. R. L. Garrett, 508 North Washington street, Tuesday morning at 10:30. Interment private.

GERMANS DRIVEN BACK

Attacks Broken Down Under French Fire—British Line Advanced at Three Points.

Paris, June 3.—French counter-attacks yesterday evening drove the Germans back between the Ourcq and the Marne, where the enemy is making its greatest efforts to advance toward Paris, the French war office announced today.

A violent German attack astride the main highway from Chateau-Thierry to Paris, paralleling the north bank of the Marne, broke down under French fire. The German losses were heavy, and hundreds of prisoners were taken.

"French forces, counter attacking yesterday evening, advanced at several points between the Ourcq and the Marne rivers," the communique said. 'On each side of the Chateau-Thierry-Paris road a violent German attack was broken up by French fire.

'Southeast of Bourescbes (four miles west of Chateau-Thierry) and everywhere else, French positions are maintained.

"The Germans suffered heavy losses and we took 100 prisoners."

London, June 3.—The British line has been advanced at three points and 193 German prisoners have been captured, the British war office announced today.

POLICE COURT NOTES

Disorderly Negroes Cause Excitement In the Northeast Yesterday.

A call for the police came to the station house yesterday afternoon from the northeastern section of the city. Sergeant Roberts and Officer Massey responded, and upon their arrival on the scene they arrested Abbie Butler and Louise Johnson, both colored, for disorderly conduct and fighting. They were escorted to the station house, where they left $10 each for their appearance before the Police Court this morning. Neither could be found when the case was called, and they forfeited their collateral.

Henry Jones and Nellie Jones, both colored, were also arrested by Officer Massey upon the charge of disorderly conduct and fighting. They were brought before the court this morning. Both were in a dazed condition and made no defense. They were fined $5 each.

R. J. Ayers was fined $5 for reckless running of an automobile. The auto collided with a wagon in charge of N. R. Spillman near the intersection of King and Alfred streets late Saturday afternoon.

Notice.

The business formerly conducted by the late Julian F. Chauncey will be hereafter carried on under the name of Mrs. Julian F. Chauncey. The public and particularly former customers, are notified that the best quality of all kinds of meat and meat products will be handled and sold, and their patronage is respectfully solicited.

HELENA C. CHAUNCEY.

104-30t

Ice Cream Festival and Cake Sale.

Trinity M. E. Church will hold a strawberry and ice cream festival and cake sale on the lawn at the residence of Mr. R. E. Knight, 207 Prince street, tomorrow, Tuesday evening from 8 to 10 o'clock. In case of inclement weather the festival will be postponed to Wednesday evening. 131-2t.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

PUBLISHED EVERY AFTERNOON Except Sunday.
By The Alexandria Gazette Corporation, 317 King Street, Alexandria, Va.
Entered at the Postoffice at Alexandria, Virginia as second class matter.
HOWARD W. SMITH, President and Treasurer.
WILLIAM A. SMOOT....Vice President
EDWIN B. HARD, Editor and Manager.

WORK OF THE GRAND JURY

The grand jury met again today for the purpose of preparing their report upon the sanitary condition of the city and to present suggestions for its betterment.

The members last week made an inspection of the streets and alleys in various sections, and in a number of cases they found conditions unsatisfactory. Pools of water, putrid and unsightly, were found upon property, while defective drainage was in evidence in many places. Outhouses were also found which need immediate attention.

In most cases the members of the police force have previously been on the job, and they notified different persons if conditions were not improved within a reasonable time warrants would be procured and those responsible haled before the Police Court. Some have complied with the orders, but others have not and warrants have been prepared for the delinquents. Those interested still have an opportunity to escape being arraigned by eliminating nuisances at once. Otherwise they will be made to face the court and pay the penalty for their unconcern.

During the past few weeks members of the police force have made an house-to-house inspection of the city As is ever the case at the beginning of summer, they found much which should have been done left undone. The negligent were told that unsightly rubbish and anything savoring of a nuisance must be eliminated at once.

Some difficulty has been experienced, however, by well-meaning people in obeying the orders of the police department from the congestion of orders which have poured into the remover of night soil, but where it has been shown that occupiers of houses have placed their orders, this is evidence they have done all they can in that direction.

Those who, according to law, are compelled to connect their premises with sewers are also experiencing difficulty, as the plumbers have many orders on hand, but on account of the scarcity of labor or help of any kind they can move but slowly.

GERMANY'S STRUGGLE

Why is it that the French nation is calm and confident, although the enemy is at the Marne? asks the Washington Post, who also answers the question.

France, Great Britain, Italy and America have taken Germany's measure and know that the present struggles are evidence of weakness and not of strength. The war is going against Germany in matters of vast and irresistible influence, far transcending in importance and effect any single battle that has ever been fought. The trampling of the German hordes at the Marne strikes the superficial mind as terribly menacing to the allies. The unseen influences that are bearing Germany down to death are not those that impress the ear and eye.

The end of the war is not near, in a count of days or weeks, but it is brought nearer by Germany's exertions, which work for her earlier defeat.

Germany is in the sere and yellow leaf as a military power. This is the carefully formed conviction of thoroughly informed and impartially detached neutral military experts, coinciding with the absolute knowledge of the allied governments.

The military clique that is hurrying the German empire to destruction is now making the last throw of the dice of war. The German armies must either defeat France, Great Britain, Italy and the United States within a few weeks or the plunder gained in four years of murderous operations against small nations will be lost and the German empire lost with it.

Hohenzollern and Hapsburg go down. They are already in the rapids. They struggle vigorously, but in that enormous current, among those fanged and jagged rocks, under the tempest of the world's wrath, they cannot survive.

BLOOD UPON HIS HANDS

Macbeth hath murdered sleep!
Macbeth shall sleep no more.

The account of a fatal shooting affray between two negroes at Gum Springs, Fairfax county, yesterday is given elsewhere in The Gazette. Two negroes became involved in a difficulty. According to usage among this species of the genus homo, each carried a pistol. One shot at the other, but the ball went wild. The man who was being used as a target drew his pistol and shot and killed his adversary.

Believing he had acted in self-defense, the slayer made his way to the station house and delivered himself to the police. As the day was closing he begged earnestly that another man be placed in the cell with him, as he could not endure the thought of being left alone in the night time. His request was granted and another negro, charged with a misdemeanor, was locked up with him.

Shedding human blood is a crime for which the slayer suffers as long as he lives. Whether the killing is an act of self-defense or one of wilful murder, the consequences are the same. The blood will not out. It becomes luminous at night, when the conscience is more assertive than ever and the sufferer is alone.

The descendants of Cain, who slew his brother in a religious dispute, are always in the world. The blood of Abel cried from the ground, and he became a fugitive upon the face of the earth. It has ever been so.

REFLECTION ON CONGRESSMEN.

Some one has said that the hand that is thrust into every hole will somewhere find a snake to bite it.

A Washington paper yesterday printed with much display an allegation that many empty whisky bottles had been found in and near rooms occupied by Congressmen in the House Office Building opposite the Capitol. It was farther alleged that the Congressmen who occupied the rooms voted dry in recents contests in the House.

Another paper of the Capital City prints today an article which implies that the bottles were placed where found either by a practical joker or some malicious person. One cotemporary asks: Who was the "wet" individual that laboriously collected 29 ancient and empty whisky bottles and placed one each at the doors of 29 offices of Representatives in the House Office Building where the janitor couldn't help but stumble over them?

And who among the members of the House, if they see fit to indulge in alcoholic spirits, are fools enough to advertise their failing at a time when prohibition is on us, everyone?

The 29 "dead soldiers" alleged to have been collected by the janitor of the House Office Building on his Sunday rounds were placed purposely, it seems, at the doors of Representatives who voted to keep the prohibition rider in the $11,000,000 agricultural appropriation bill.

Rev. E. C. Dinwiddie, leading prohibitionist, not only attributes this pitiful joke to an abortive attempt to discredit the work of the "dry" element in Congress for the nation as a whole, but characterizes it as an attempt to forestall the attempts to make Washington "bone dry."

Several Representatives announced that they will demand an investigation.

The joke is too crude to be taken seriously.

Certain Representatives will today hold an indignation meeting. Meanwhile a squad of Secret Service men will scour Washington looking for the person or persons who found time hanging heavy on their hands and took to collecting souvenirs.

THE FLY PROBLEM

Screens should have been placed in windows several weeks ago, not only for the comfort they impart to dwellers indoors, but for the sanitary effect.

The dawning of real summer weather brings the fly problem more clearly to the front. Those who have thus far failed to heed the repeated warnings of the state department of health should no longer risk the health and lives of their own families and the families of their neighbors by failing to adopt adequate measures for the sanitary disposition and adequate protection from flies and animals of all waste and filth.

A few hours' work and a few dollars in money will construct a sanitary toilet which is fly-proof and cuts out the large part of the danger of infection. Such a structure should, of course, be so located that it cannot possibly contaminate the water supply of any family.

The next step should be the effective screening of the home so that neither flies nor mosquitoes can enter. In homes properly screened there is a marked less incidence of malaria, tyhoid fever, "summer complaint," and other insect-borne diseases. Screes are far less expensive than doctor's bills, and a general screening campaign is urged by the state department of health.

STRIKES AND THE WAR

The railroad strike at Alexandria a few days ago was a most unfortunate circumstances, says the Richmond Virginian. As every one knows, the railroads are now in the hands of the government, and a board on railroad wages and working conditions has been appointed. The duties of this board are to hear all cases wherein any group of employes may set forth their complaint. Distinguished labor leaders are members of this board, and the entire personnel has been regarded as satisfactory to labor throughout the country.

The strikers were reminded by Director General McAdoo that the government cannot be coerced or intimidated by any of its employes, and this seems to have been all that was necessary to put an end to this strike.

Our cotemporary says further: The government of the United States through the opinions of its highest courts recognizes the right of men to form themselves into associations for their mutual protection against the selfish employer, and to carry out by mutual agreement, other than by violence, all such regulations as may promote the ends of justice.

But in time of war, when the government has the power to conscript the services of any man for any line of work, it is inconceivable that any body of employes should dare to organize a "walk out" while under the employment of the military establishment of the country. If the conditions or the wages were unfair in the minds of the employes, their recourse was to the board appointed to adjust these things.

WARNS AGAINST FAKERS

Say Half Gospel Mission Workers Are Frauds.

Philadelphia, June 3.—The Chamber of Commerce yesterday issued a warning to the public against fake Gospel Mission workers, who are going around the city collecting from charitable and religious people. The warning says:

"Philadelphia is supporting at least seventy Gospel Missions. The majority are one-man organizations, few of them being controlled by a responsible board of managers. The superintendents, men or women, are usually persons 'called by the Spirit' to go out and preach the Word to convert the outcast and the downfallen. Usually the only qualification for this mission in life are a glib tongue, a bold front and an uncontrollable aversion toward work. Some mission workers are sincere, some are religious fanatics and some are dishonest.

"An exhaustive investigation of forty-three Gospel Missions was made by the Charities and Welfare Bureau. Three or four of the missions are excellent, and have been indorsed by the committee. From six no definite information was obtained, fourteen were doing fairly commendable work, but twenty-two, or 53 per cent, of the total number investigated, were doing work that was practically worthless, and, in some cases, vicious.

"It was discovered that a number of the superintendents of these twenty-three missions were men of questionable character, who were in the business for financial gain. About some it was said that they were jailbirds, thieves and drug fiends. Many of the men have been driven out from city to city by the police authorities, and have come to reap their harvest in Philadelphia as long as conditions permit. In three cases the addresses given by solicitors for missions were false, and no one had ever heard of such an organization.

"A number of the superintendents exacted a large amount of work from the unfortunates who applied for shelter, and sold the products of their labor without adequate compensation. Can Philadelphia afford to be duped and victimized by such a set of rascals? So many of the Gospel Missions are false and dangerous that the Charities and Welfare Committee most earnestly urges all persons solicited by Gospel Missions to refer to the bureau for accurate information."

USE BIG GUNS ON PEASANTS

Germans Making War on Ukraine Farmers Who Won't Sell Crops to Huns.

The Germans are using artillery to put down the peasant revolt in Ukrainia, said dispatches received from the Petrograd Telegraph Bureau. The revolutionaries are said to be burning the forests, destroying crops and refusing to surrender agricultural implements.

Free of Charge.

Why suffer with indigestion, dyspepsia, torpid liver, constipation, sour stomach, coming-up-of-food-after-eating, etc., when you can get a sample bottle of Green's August Flower free at Leadbeater's Drug Corporation. This medicine has remarkable curative properties and has demonstrated its efficiency by fifty years of success. Headaches are often caused by a disordered stomach.

A gentle laxative. Try it. For sale in all civilized countries.

POLES READY TO FIGHT

Fifteen Thousand Recruited in United States are to Join in Battle Tomorrow.

Washington, June 3.—The United States will have a new aid in the battle line in France tomorrow. Information was received in Washington last night that tomorrow is the date chosen for the Polish army in France to make its formal entry into battle.

The 15,000 men making up the army were recruited in the United States. Washington gave a large number of them. Shoulder to shoulder with the Polish patriots from the United States will be 2,000 from South America.

The American Poles who go into action tomorrow will form a separate army unit and will fight under the silver eagle on a maroon field, but reports say the men are also to carry the Stars and Stripes. The creation of the army was formally recognized by Secretary Baker in October. The men receive only five cents a day as pay and there is no provision for insurance as American soldiers have.

FALL KILLS CAPTAIN

Aeroplane Crash at Ball Game Also Injures Major Gearhart

Indianapolis, June 3.—Capt. Edwin Webb was killed and Major Guy L. Gearhart was injured when an aeroplane in which they were flying fell yesterday afternoon.

Major Gearhart, who is in command of the United States aviation repair depot here, will recover.

The accident occurred in the presence of 4,000 persons at a ball game between teams of the aviation school. Capt. Webb and Major Gearhart were dropping baseballs with banners attached. Two balls dropped earlier had caught in the controls and the machine refused to respond. It plunged to the earth and Capt. Webb was crushed by the motor.

Major Gearhart was in the rear seat. "They got me that time," he remarked as soldiers rushed him to the hospital.

Capt. Webb was from Bison, Okla.

IDENTIFIES MURDER VICTIM

Roanoke Man Unable to Explain Mystery of Body in Field.

Roanoke, Va., June 3.—Mystery surrounds the killing of Mrs. Amanda Kelly, of 411 Sixth avenue, this city, whose body was found in a wheat field early yesterday morning with a bullet in her left temple. Although she was well known in church and social life of Roanoke, the body lay all day in the morgue of a local undertaking establishment before identity was established.

Viewed by hundreds, it was 6:30 last night when her husband J. K. Kelly, told the police the murdered woman was his wife; that she left her home early Saturday morning and, failing to return, had caused uneasiness. Kelly knew of no entanglements.

The woman's body was found early yesterday by a negro walking through a field. Neighbors told of hearing shots about 10 o'clock Saturday night, and the condition of the woman's body tallied with this evidence. Mrs. Kelly was a strikingly handsome woman.

People residing near the place where her body was found told of having seen her on other occasions accompanied by a man walking in the woods near the wheat field. Mrs. Kelly was the mother of two children and was highly regarded by her neighbors.

GERMANS ARE HARD UP

Proposal Made for Regiments of Those In Prison.

Copenhagen, June 3.—The Prussian Diet has sent to the German reichstag a proposal by which persons imprisoned for several years would be allowed to enter the army for the formation of special regiments.

"My Baby

was born on September 9th 1908, and weighed almost eight pounds. I am a woman in fine health and had plenty of milk to nurse her, but she was unable to retain the milk on her stomach, and when she did, had very severe attacks of colic and not one natural movement.

After almost four weeks of trying to make it agree with her by dieting myself, my physician advised me to put her on the bottle.

I started in with Jersey milk, water, and sugar of milk, and had very poor results. Then I added lime water—not much better.

I changed to Baby Brand Condensed Milk, Malted Milk, Eskay's Food, Nestle's and Van Camp's Evaporated Milk.

About this time, I saw your ad—the part where it read about the curds being smaller in Holstein than in other milks—and it set me thinking. I wrote the Holstein-Friesian Association for literature and telephoned for Holstein milk.

I weighed my baby this morning, and she weighs 21 pounds. Up to the time we started on Holstein milk I never had a night's rest and my baby cried all the time.

You should see her now sitting by me as I write, in her high chair, fat and rosy, trying to devour the ear of her Teddy bear."

The above is from a letter written by Mrs. F. P. Greene, of 22 Broad St., Montello, Mass., to the Holstein-Friesian association.

This is not published as a "knock" on baby foods. Babies vary and for some of them baby foods are probably good.

But the one surely good "baby food" is clean, Feathersone Holstein milk.

Does your baby get it?

Better Cooking by Electricity

Women have long known that electric cooking is cleaner, that it banishes all the dust and ashes of coal and wood and soot and fumes of gas. They have known that it makes the kitchen cooler; the air purer; that is the most convenient way to cook. Now they have the word of the women who stand for the most scientific cooking methods known, that electric cooking produces better results than any other means.

Let us demonstrate the various sizes of ranges and refer you to the satisfied electric range users.

GERMAN LIFE TIDE EBBS

War Drain On Central Powers Worse Than One Allies.

London, June 3.—The drain of man power, the fall in the numbers of births and the loss of the population through sickness and under-feeding is felt more severely by the Central Powers than by the peoples of the Entente. Whereas, the annual gain of population in Germany, in Austria and in Hungary, has given place to a serious loss, the peoples of the Entente have suffered a very small diminution in comparison.

As the war goes on this growing disparity in the losses of population between the Central Powers and the peoples fighting them is likely to increase. If the war goes on into next year, the population of the German empire, on which reliance was placed for the enlargment of Germany's prosperity and industry and for repairing the injury to trade and commerce after the war, will have lost 10 per cent of the numbers and a still greater proportion of its industrial strength.

The German empire which in June, 1919, should have had 72,000,000 people, will have no more than 64,500,000 Germany as a whole will have 5 per cent less population than when the war began. Of those that have been killed, the greater number were men in the prime of life and energy, whom Germany could least spare. By deaths in the battle zone the German empire has lost at least 3,000,000 men. The birth rate has sunk to such a figure that by next year the number of births will have fallen short of what they would have been had there been no war, by three and a third million of children.

In the same period the annual number of deaths among the German civilian population has, owing to the stress and anxiety of the war and owing to sickness and disease, which have been aggravated by hardships and food troubles, increased by one million over the normal. Much of the mortality among children and among the civilian population as a whole has been caused by the way in which the food supply of Germany has been mismanaged in the interests of the landholders and of the farming class and to the detriment of the poor. The landholders and farmers have prospered while the poor in the towns have gone short of bread and potatoes.

The vitality of the peoples of Austria and of Hungary has suffered even more. This, perhaps, was to be expected. The peoples of Austria will be 11 per cent poorer in numbers next year than if the war had never taken place. They will be 8 per cent lower in numbers than they were in 1914. Hungary will be still worse off. It will have a population 9 per cent lower than before the war and 13 per cent lower than if there had been no war. As the war continues so will these losses increase.

MYSTERIOUS MURDER

Henry Thelen, Manager of the Jefferson Club of Richmond, the Victim.

Richmond, Va., June 3.—Another mysterious crime is claiming the attention of the police and detective departments. This time the scene is laid in the fashionable Jefferson Club and the victim is Henry Thelen, the manager for the past several years.

Thelen was found dying in the lavatory on Friday morning last at 9:15 o'clock. When Mrs. George Newland, the matron, discovered him lying on the floor, he muttered: "I was hit," and later he said: "Johnson hit me."

On investigation, the police learned that a negro waiter at the club bore the name of Otto Johnson. It was believed until last night that the mystery had been solved, but now comes the statement from the police that Johnson has proved an alibi and is no longer suspected.

A theory that Thelen had suffered from an attack of vertigo and fallen against the floor has been disproved by Coroner Whitfield, who, following an autopsy, has officially announced that Thelen was without doubt struck on the head.

Since there is no laceration, the coroner holds to the theory that the dead man was struck with a sandbag or some similar instrument.

An inquest will begin tomorrow, the coroner said, and in the meantime private detectives have been engaged by the Jefferson Club to co-operate with the local department in its inquiry.

How a murder could have taken place in broad daylight, while a number of guests and members were at the club, is a question that is baffling the police. Of the large number of persons examined, none so far has been able to remember seeing any one going from the place at that time. On the other hand, they report there was no disturbance of any kind noted Friday morning, just prior to the finding of the dying manager.

"PLATTSBURGS" FOR SCHOOL TEACHERS

To Be Held by National Security League Throughout Country During Coming Summer.

"Teachers' Plattsburgs," at which 300,000 public school teachers will be given practical training in patriotic education, will be held during the coming summer in practically every state in the Union by the National Security League. The scheme of this elaborate new division of the League's Patriotism Through Education campaign is conceived on the same basic idea along which the League has been working for some time, concentrating on the teachers of the youth of the land and thereby reaching the children through the teachers and the people through their children.

The objects of the League's campaign are two-fold—active combating of German propaganda and awakening a more responsible American citizenship.

At Summer Schools.

The Security League will conduct these "Teachers' Plattsburgs" through the medium of the summer schools for teachers that are held throughout the country every year. It has not yet been determined how many centers will be used. The matter is being taken up with all of the 700 summer schools of the country and probably between 50 and 75 of the training camps will be established, the schools selected being chosen after careful investigation as to attendance, breadth of influence and convenience of location.

The training camps will be conducted by leading educators whose co-operation will be enlisted by the League. The actual instruction will be under the direction of Dr. Robert M. McElroy, educational director of the League, and the members of the "National Patriotic Education Faculty" which he has organized. The League already has over 1,000 experienced patriotic speakers on its Speakers' Bureau list. A great many of these men and women will be detailed to the "Teachers' Plattsburgs" and their number will be augmented by volunteers from the principal colleges and universities of the country, whose academic duties have prevented them from taking active part in the patriotic education work outside their immediate field, but who will be free during the summer months.

War Spirit.

The teachers will be given a series of vital interpretations of the war by men and women who have given careful study to the situation. In addition to this instilling of the war spirit in the teachers, the training camps will also afford them practical instruction in the best methods of imparting to the youth of the land the two war principles on which the Security League's Patriotism Through Education campaign is based—the menace of Germany to America, and the necessity of individual service on the part of every man, woman and child in the country in order to prevent defeat.

A preliminary letter has been sent by Doctor McElroy to the directors of all the summer schools of the country.

TO THOSE WHO FAIL TO GRASP WAR'S MEANING

By ELIHU ROOT,
Honorary President of the National Security League.

There are doubtless some who do not understand what this struggle really is. Some who were born here resent interference with their comfort and prosperity and the demands for sacrifice, which seem to them unnecessary, and they fail to see that the time has come when, if Americans are to keep the independence and liberty which their fathers won by suffering and sacrifice, they in their turn must fight again for the preservation of that independence and liberty.

Elihu Root.

There are some born abroad who have come to this land for a greater freedom and broader opportunities and have sought and received the privileges of American citizenship who are swayed by dislike for some ally or by the sympathies of German kinship and fail to see that the time has come for them to make good the obligations of their sworn oaths of naturalization.

This is the oath that the applicant for citizenship makes:

That he will support the Constitution of the United States and that he absolutely and entirely renounces all allegiance and fidelity to any foreign prince, potentate or sovereignty; that he will support and defend the Constitution and laws of the United States against all enemies, foreign and domestic, and bear true faith and allegiance to the same.

"False to Their Oaths."

All these naturalized citizens who are taking part in obstruction to our government in the conduct of the war are false to their oaths, are forfeiting their rights of citizenship, are repudiating their honorable obligations, are requiting by evil the good that has been done them in the generous and unstinted hospitality with which the people of the United States have welcomed them to the liberty and the opportunities of this free land. We must believe that in many cases this is done because of failure to understand what this war really is.

This is a war of defense. It is perfectly described in the words of the Constitution which established this nation; "To provide for the common defense" and "To secure the blessings of liberty to ourselves and our posterity."

The national defense demands not merely force, but intelligence. It requires foresight, consideration of the policies and purposes of other nations, understanding of the inevitable or probable consequence of the acts of other nations, judgment as to the time when successful defense may be made, and when it will be too late, and prompt action before it is too late.

By entering this war the United States availed itself of the very last opportunity to defend itself.

GERMANY'S GUILT ESTABLISHED.

(Extracts from Prince Karl Lichnowsky's "My London Mission, 1912-1914," a copy of which has just reached this country. Prince Lichnowsky, who was German Ambassador to England when the war broke out, says that he wrote the document for his family archives, but it was made public in Germany and created a great stir, the Kaiser's government hastening to repudiate and suppress it.)

"On Aug. 2 (1914), when I saw Asquith in order to make a final attempt, he was completely broken, and, although quite calm, tears ran down his face."

"Of course it would only have needed a hint from Berlin to make Count Berchtold (Austrian Foreign Minister in August, 1914) satisfy himself with a diplomatic success and put up with the Serbian reply."

"The impression became ever stronger that we (Germany) desired war in all circumstances."

"Thus ended my London mission. It was wrecked not by the perfidy of the British, but by the perfidy of our policy."

"I had to support in London a policy which I knew to be fallacious. I was punished for it, for it was a sin against the Holy Ghost."

EAT GROUND GLASS

Two Richmond Doctors Make Experiment With Substance in Eatables. Also Experiment With Dogs.

Ground glass in considerable quantities may be taken into the stomach without apparent injury. Such is the result of experiments made by Dr. E. C. L. Miller, professor of physiology chemistry at the Medichl College of Virginia, and Dr. Charles C. Haskell, professor of pharmaeology at the Medical College of Virginia.

The glass was given to a number of dogs, in varying doses and at varying intervals. Dr. Haskel and Dr. Miller then took a number of capsules filled with glass crushed and pounded in a mortar to the size of an ordinary granulated sugar. No harmful results were noticed.

The report of Drs. Miller and Haskell says:

"If the glass is to harm any one it must be eaten, so the first point was to determine how much glass could be placed in food and not detected when eaten. If detected the food would not be eaten, as pounded glass gives a very unpleasant gritty feeling when crushed between the teeth. To determine this point we baked cakes containing definite amounts of glass and then ate portions of them.

Our pounded glass was made from ordinary broken beakers and test tubes by pounding them in a mortar and passing the material through sieves. It was about as coarse as granulated sugar.

From tests it appears that food containing pounded glass about as fine as granulated sugar would be so unpleasant that no one would eat it unless the glass were in very small amounts, at least less than one-eighth of one per cent. Hence we conclude that there is no danger of people eating any considerable amount of pounded glass without knowing it."

WRECKS TWO U-BOATS

Both Were Near the French Coast-When Sighted by the Crew.

An Atlantic Port, June 3.—The crew of an American ship arriving here Saturday from the war zone reports the destruction of two enemy submarines by an American destroyer almost within sight of France. The first U-boat was sighted some distance off the destroyer. The destroyer gave chase, and, overtaking the U-boat, without slackening speed, dashed up, dropped a depth bomb, circled the ship and came back into position awaiting for the submarine to reappear. In a short time there were evidences of another hit.

SUBMARINE CLOSE TO CAPE

Persistent Rumor in Norfolk Has It American Vessel Was Attacked.

Norfolk, Va., June 3.—Norfolk was flooded Saturday night with persistent reports that a German submarine had been operating very close to Cape Henry and that one American vessel had been attacked by the U- boat, but had escaped by throwing out a smoke screen.

A seaman on an incoming vessel declared his vessel, in company with two others, had been fired at, and that the projectiles ricocheted near his boat, whereupon all three vessels put on full speed for port.

Passengers on an incoming steamer reported their ship received warning that the presence of a submarine was suspected, and that unusual precautions for this part of the sea were taken, especially at night, to prevent the enemy craft sighting them.

Rear Admiral Walter McLean, commandant of the Fifth Naval district, when asked about the matter, said that he had heard the report that a German submarine was present on this side, but had heard nothing of any attack on an American vessel.

It is known, however, that the government is fully alive to the menace to shipping that would lurk in the presence of one of the kaiser's sea pirates over here, and is ready for its appearance in these waters. It is not permissible to say, however, what course of action is being pursued.

PLANNED TO WIPE OUT FAMILY

Texans Discover Proposed Crime of Negroes and Six are Killed Near Dodge.

Huntsville, Tex., June 3.—As a sequel to the killing several days ago of George Cabiness, a negro, an alleged draft resister, following threats the negro is said to have made against Sheriff T. E. King and the King family, six more negroes were shot to death Saturday and their cabin burned near Dodge, ten miles from here.

The negroes, it is alleged, had plotted to avenge the shooting of Cabiness by murdering the King family, their plot being exposed by a seventh negro, who had ostensibly joined the conspiracy.

Reports thus far received here did not make it known whether the negroes were killed in resisting sheriff's deputies or whether they were killed by a mob.

WAREHOUSE DESTROYED

Contained Upwards of $6,000,000 Worth of Army Equipment.

St. Louis, Mo., June 3.—Warehouse No. 3 of the United States Arsenal, which in all its buildings housed more than $6,000,000 worth of army equipment, caught fire late Saturday night, and at midnight appeared to be a total loss with all its contents. Firemen directed their attention to saving adjacent buildings.

As soon as the blaze started Colonel Clarke, in charge of the arsenal, threw a guard of soldiers about the inclosure and excluded all persons not actively engaged in combatting the fire.

Information as to the cause of the fire or its extent was withheld by military officers. The police, who assisted in pressing back the crowds, were not allowed on the grounds.

A report that the fire was of incendiary origin could not be verified.

The police have taken into custody a man who is said to have resided within the reservation. They refuse to divulge his name.

POWERS CURTAILED

Taking Over of Railroads by Director General McAdoo Takes Away Many Duties of Corporation Commission.

The jurisdiction of the State Corporation Commission is greatly affected by the recent rate-raising schedule issued by Federal Railway Director McAdoo. All railways except the short lines, which the government has not yet taken over, have virtually been removed from the jurisdiction of state commissions. With one word Mr. McAdoo has done what the corporation commissions of the various states would do after months' consideration of testimony pro and con.

The result is that the State Corporation Commission's jurisdiction is limited to the short lines and other public utilities — telephone, telegraph, street railway companies and the like.

Virginia Fuel Situation Relieved.

Washington, June 3—The coal crisis in Virginia has been temporarily relieved by the personal direction of Mr. Garfield. A special shipment of two thousand tons each day is being made to State Administrator Byrd, who will distribute to points where most needed.

Shipments were started Saturday. Mr. Byrd conferred with Mr. Garfield for two hours on Friday and thoroughly discussed the Virginia situation. This coal can only be distributed to preferred industries and domestic consumers. Arrangements are being made to furnish Virginia with one million tons of coal, which has been diverted from Virginia i norder to bunker ships at Hampton Roads. This will materially relieve the shortage of coal in Virginia, but Mr. Byrd continues to view the situation with the greatest anxiety.

During the period of the War, we will not sell an American Midget Marvel Mill unless its purpose is to supply the local needs of a community, or our Government, with flour and feed.

DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Marvel Roller Flour Mills.

And Make Money, Too

$150 to $1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour Cheaper." You can sack your flour under our nationally advertised brand "FLavo."

Our Service Department inspects your products each month free and keeps you up to quality. Sizes of mills from 15 to 100 barrels per day. You can start with the small size if you have $3,000 to invest. Sold on 30 days' free trial.

Write for our catalog and experiences of successful owners all over the United States.

When, How and Where Boys of 21 Must Register.

Who Must Register

All male persons (citizens or aliens) born between June 6, 1896, and June 5, 1897, inclusive, except officers and enlisted men of regular army, navy and marine corps, and the national guard and naval militia, while in federal service, and officers in officers' reserve corps and enlisted men in enlisted reserve corps while in active service.

When to Register

Wednesday, June 5, 1918, between 7 a. m. and 9 p. m.

Where to Register

At office of local board having jurisdiction where the person to be registered permanently resides or other place designated by that local board.

How to Proceed

Go in person June 5 to your registration place. If you expect to be absent from home June 5 go at once to the office of the local board where you happen to be. Have your registration card filled out and certified. Mail it to the local board having jurisdiction where you permanently reside. Enclose a self-addressed, stamped envelope with your registration card for the return of your registration certificate. You must mail your registration card in time to reach your home local board June 5. If you are sick June 5 and are unable to present yourself in person send a competent friend. The clerk may deputize him to prepare your card.

Information for Eligibles

If you are in doubt as to what to do or where to register consult your local board.

Penalty For Not Registering

Failure to register is a misdemeanor punishable by imprisonment for one year. It may result in loss of valuable rights and privileges and immediate induction into military service.
